HOW TO START A SCHOOL UKULELE BAND

This practical course is an excellent introduction to what a good inclusive music should look like in the classroom. The session aims to build the confidence of teaching music in the Primary School through accessible musical activities that are suitable for all teachers including those with little musical experience.

23/04/2024

16:00 - 17:30

USING TUNED PERCUSSION IN THE CLASSROOM

This course is ideal for any primary teacher or music leader wanting to gain further ideas on how to use tuned percussion and integrate good performing and composing activities into their schemes and lessons. This practical course will share a wealth of tuned percussion resources suitable for National Curriculum Music and further develop their skills and confidence in this area. The session will also support those teachers using tuned percussion resources as part of the online Charanga Scheme of Work.

THE ROLE OF THE MUSIC LEADER

This course is ideal for anybody that is new to the Music Leader Role in Primary Education or just feels that they need to refresh and review their practice. In addition to looking at what the role of a music leader entails, participants will be given guidance on how to provide support, offer expertise and raise standards in music. Excellent feedback over the years shows that these sessions are highly valued and an important line of support for the development of music within school.
